WHO WE ARE

About Bhuiyan Workforce Ltd.

Bhuiyan Workforce Ltd. is a Bangladesh-based manpower recruitment and export company founded by MD Rezaul Kabir Bhuiyan. We specialise in sourcing, rigorously screening, and deploying skilled, semi-skilled, and general workers to international employers across the Middle East, Asia, and Europe.

Built on the principles of transparency, reliability, and ethical recruitment, we act as a dedicated bridge between global labour demand and Bangladesh's large, hardworking, and talent-rich workforce.

Licence Status: Our BMET recruitment licence application is actively in progress — expected approval October 2026. In the meantime, we are fully operational in candidate sourcing, screening, and employer relationship-building across all 20 trade categories, conducted to full BMET standards ahead of activation.

WHAT WE SUPPLY

Worker Categories

Skilled, semi-skilled, and specialist workers across all major trade and service sectors.

Construction & Engineering

Skilled and semi-skilled construction and engineering labour for projects across the Middle East, Europe, and Southeast Asia.

Drivers & Transport

Licensed and experienced drivers for heavy transport, logistics, and passenger services across the Gulf and beyond.

Chefs & Hospitality

Trained culinary professionals and hospitality staff for hotels, restaurants, catering firms, and household employers.

Farm & Agriculture

Agricultural workers and skilled landscapers for farms, nurseries, estates, and municipal green spaces.

Warehouse & Logistics

Dependable warehouse operatives, order pickers, forklift operators, and logistics support staff.

Factory & Manufacturing

Production-line workers, machine operators, and quality control staff for manufacturing facilities worldwide.

Oil & Gas

Skilled technical workers for upstream, midstream, and downstream oil and gas operations across the Gulf and beyond.

Security Guards

Trained, disciplined security personnel for commercial, residential, and industrial sites across the Gulf and Europe.

Cleaning & Housekeeping

Professional cleaning and housekeeping staff for hotels, hospitals, offices, and residential facilities.

Retail & Supermarket Staff

Customer-facing retail staff, cashiers, stock replenishers, and supermarket operatives for Gulf and European retailers.

Painting & Finishing

Professional painters, surface preparation workers, and finishing specialists for construction and industrial projects.

Steel Fixing & Reinforcement

Skilled bar benders, steel fixers, and rebar workers for structural construction projects.

Scaffolding & Formwork

Trained scaffolders, shuttering carpenters, and formwork erectors for construction sites.

Landscaping & Groundskeeping

Skilled landscapers, gardeners, and groundskeeping staff for estates, municipalities, and resorts.

Mason & Bricklaying

Experienced bricklayers, block layers, and stone masons for residential and commercial construction.

Electrical Helpers & Cable Pullers

Semi-skilled electrical support workers for large construction and infrastructure projects.

Laundry & Linen Services

Laundry operatives and linen room attendants for hotels, hospitals, and commercial facilities.

Food Processing & Packing

Production line workers, packers, and food factory operatives for processing facilities across Gulf and Europe.

Fishery & Aquaculture

Experienced fishing vessel crew, fish processing workers, and aquaculture support staff.

Caregiving & Elderly Support

Non-clinical caregivers and elderly support workers for residential care homes and private households.

HOW IT WORKS

Our Recruitment Process

A structured, transparent 6-step process from requirement intake to worker deployment.

1

Requirement Intake

We collect detailed job descriptions, skill requirements, visa quotas, salary ranges, and deployment timelines from the client employer.

2

Candidate Sourcing

We leverage our Bangladesh-wide network of trade professionals, referral partners, and candidate databases to shortlist qualified applicants.

3

Screening & Testing

Every candidate undergoes trade skill tests, structured interviews, and thorough background verification before being presented to the client.

4

Medical Clearance

Workers complete mandatory medical fitness examinations at government-approved centres to meet destination country health requirements.

5

Documentation & Visa

We manage all documentation: passport validation, visa applications, attestation, BMET clearance, and pre-departure orientation.

6

Deployment

Workers are fully briefed, oriented on destination country norms, and deployed on schedule. Post-arrival follow-up is conducted.

OUR ADVANTAGE

Why Choose Bhuiyan Workforce?

Direct Talent Access

Tap into Bangladesh's large, motivated labour pool across all major trade and service sectors.

Pre-Screened Workers

Every candidate is skills-tested, medically cleared, and document-ready before deployment.

25-Country Reach

Active deployment coverage spanning Middle East, Asia Pacific, and Europe.

Dedicated Support

Clients receive a named account contact for seamless communication end-to-end.

Fast Turnaround

Streamlined process from requirement submission to worker deployment.

Full BMET Standards

All sourcing and screening conducted to BMET standards. Licence approval expected October 2026.
