WHO WE ARE

# About Bhuiyan Workforce Ltd.

Bhuiyan Workforce Ltd. is a Bangladesh-based manpower recruitment and export company founded by MD Rezaul Kabir Bhuiyan. We specialise in sourcing, rigorously screening, and deploying skilled, semi-skilled, and general workers to international employers across the Middle East, Asia, and Europe.

Built on the principles of transparency, reliability, and ethical recruitment, we act as a dedicated bridge between global labour demand and Bangladesh's large, hardworking, and talent-rich workforce.

**Licence Status:** Our BMET recruitment licence application is actively in progress — expected approval October 2026. In the meantime, we are fully operational in candidate sourcing, screening, and employer relationship-building across all 20 trade categories, conducted to full BMET standards ahead of activation.

GLOBAL REACH

# Deployment Destinations — 25 Countries

WHAT WE SUPPLY

# Worker Categories

Skilled, semi-skilled, and specialist workers across all major trade and service sectors.

### Construction & Engineering

Skilled and semi-skilled construction and engineering labour for projects across the Middle East, Europe, and Southeast Asia.

### Drivers & Transport

Licensed and experienced drivers for heavy transport, logistics, and passenger services across the Gulf and beyond.

### Chefs & Hospitality

Trained culinary professionals and hospitality staff for hotels, restaurants, catering firms, and household employers.

### Farm & Agriculture

Agricultural workers and skilled landscapers for farms, nurseries, estates, and municipal green spaces.

### Warehouse & Logistics

Dependable warehouse operatives, order pickers, forklift operators, and logistics support staff.

### Factory & Manufacturing

Production-line workers, machine operators, and quality control staff for manufacturing facilities worldwide.

### Oil & Gas

Skilled technical workers for upstream, midstream, and downstream oil and gas operations across the Gulf and beyond.

### Security Guards

Trained, disciplined security personnel for commercial, residential, and industrial sites across the Gulf and Europe.

### Cleaning & Housekeeping

Professional cleaning and housekeeping staff for hotels, hospitals, offices, and residential facilities.

### Retail & Supermarket Staff

Customer-facing retail staff, cashiers, stock replenishers, and supermarket operatives for Gulf and European retailers.

### Painting & Finishing

Professional painters, surface preparation workers, and finishing specialists for construction and industrial projects.

### Steel Fixing & Reinforcement

Skilled bar benders, steel fixers, and rebar workers for structural construction projects.

### Scaffolding & Formwork

Trained scaffolders, shuttering carpenters, and formwork erectors for construction sites.

### Landscaping & Groundskeeping

Skilled landscapers, gardeners, and groundskeeping staff for estates, municipalities, and resorts.

### Mason & Bricklaying

Experienced bricklayers, block layers, and stone masons for residential and commercial construction.

### Electrical Helpers & Cable Pullers

Semi-skilled electrical support workers for large construction and infrastructure projects.

### Laundry & Linen Services

Laundry operatives and linen room attendants for hotels, hospitals, and commercial facilities.

### Food Processing & Packing

Production line workers, packers, and food factory operatives for processing facilities across Gulf and Europe.

### Fishery & Aquaculture

Experienced fishing vessel crew, fish processing workers, and aquaculture support staff.

### Caregiving & Elderly Support

Non-clinical caregivers and elderly support workers for residential care homes and private households.

HOW IT WORKS

# Our Recruitment Process

A structured, transparent 6-step process from requirement intake to worker deployment.

**1**

### Requirement Intake

We collect detailed job descriptions, skill requirements, visa quotas, salary ranges, and deployment timelines from the client employer.

**2**

### Candidate Sourcing

We leverage our Bangladesh-wide network of trade professionals, referral partners, and candidate databases to shortlist qualified applicants.

**3**

### Screening & Testing

Every candidate undergoes trade skill tests, structured interviews, and thorough background verification before being presented to the client.

**4**

### Medical Clearance

Workers complete mandatory medical fitness examinations at government-approved centres to meet destination country health requirements.

**5**

### Documentation & Visa

We manage all documentation: passport validation, visa applications, attestation, BMET clearance, and pre-departure orientation.

**6**

### Deployment

Workers are fully briefed, oriented on destination country norms, and deployed on schedule. Post-arrival follow-up is conducted.

OUR ADVANTAGE

# Why Choose Bhuiyan Workforce?

### Direct Talent Access

Tap into Bangladesh's large, motivated labour pool across all major trade and service sectors.

### Pre-Screened Workers

Every candidate is skills-tested, medically cleared, and document-ready before deployment.

### 25-Country Reach

Active deployment coverage spanning Middle East, Asia Pacific, and Europe.

### Dedicated Support

Clients receive a named account contact for seamless communication end-to-end.

### Fast Turnaround

Streamlined process from requirement submission to worker deployment.

### Full BMET Standards

All sourcing and screening conducted to BMET standards. Licence approval expected October 2026.
